Gary Paxton [gpaxton@beveridge-associates.co.uk](mailto:gpaxton@beveridge-associates.co.uk)

### 2.0 SCOPE OF SERVICE

- 2.01 Beveridge Associates Partnership Ltd are a practice of Consulting Engineers, who, as members of the Association of Consulting Engineers (ACE), provide professional services to their Clients. The practice has expertise and experience in the following fields:

- a) Electrical Supply and Distribution
- b) Uninterruptible Power Supplies and Standby Generation
- c) Cable Management Systems
- d) Lighting and Emergency Lighting
- e) Earthing and Lightning Protection
- f) Security Alarm, Access, CCTV and Public-Address Systems
- g) Fire Detection and Alarm Systems
- h) Information Technical Systems
- i) Fire Suppression, Hydrant and Extinguishing Systems
- j) Lifts and other Vertical Transportation Systems
- k) Heating Systems
- l) Air Conditioning and Comfort Cooling
- m) Ventilation and Fume Extract Systems
- n) Hot and Cold-Water Systems
- o) Public Health and Drainage

- p) Compressed Air
- q) BMS, Lighting and other Control Systems
- r) Renewable Energy, Sustainability and Carbon Reduction

2.02 Beveridge Associates Partnership Ltd has extensive experience in producing detailed designs, both as part of a design team and as lead consultant on engineering projects. The practice has also completed numerous commissions for condition surveys and reports, feasibility studies, employer's requirements for "design and build" schemes, maintenance audits, arbitration advice, carbon reduction and sustainability studies.

### **3.0 KEY PERSONNEL**

3.01 The following key personnel would be involved in the management and design of any commission. CV's are available on request:

Alex Foreman	–	Director, Mechanical Engineer
Neil Jones	–	Director, Electrical Engineer
Gary Paxton	–	Director, Electrical Engineer
Chris Govey	–	CAD Manager

3.02 In-house specialist and support resources are available, and a suitable team would be put together, with the experience to best suit the scheme.

3.03 All the key Designers used are Chartered Engineers. The company, as well as being in the Association of Consulting Engineers, are also represented with Membership of the Chartered Institute of Building Services Engineers (CIBSE), the Institute of Engineering Technology (IET formerly the IEE) and the Institute of Energy.

### **4.0 PREVIOUS RELEVANT EXPERIENCE**

4.01 Beveridge Associates Partnership Ltd and Staff have extensive experience of commissions in the public sector, commercial sector and transport authorities, and have undertaken catering and retail projects on behalf of the following organisations:

1. London Borough Newham
2. City of London Corporation
3. UBS Bank
4. Queen Mary University
5. Barbican Centre
6. London Underground

4.02 The following list gives some examples of projects successfully undertaken by the Practice and staff in the past. This is by no means comprehensive but gives an indication of the range of services we can provide.

<b>Property</b>	<b>Description of Project</b>	<b>Client</b>
<i>Deli, UBS Bank</i>	<p><i>Fast-track M&amp;E design and project supervision for new deli-style restaurant and internet cafe for UBS Bank staff in former office accommodation.</i></p> <p><i>Scheme included kitchen supply and extract systems, fire suppression, fan coil unit air conditioning, BMS controls, feature lighting, power, fire alarm, audio visual displays</i></p>	
<i>Garden Rooms Restaurant, Barbican Centre, London</i>	<p><i>Refurbishment of garden room kitchen and restaurant within the Barbican Centre complex (Beveridge Associates are term consultants).</i></p> <p><i>Works included removal of original glazed extract canopies and installation of Heydal ventilated ceiling. The extract panels were designed to be placed in dishwashers for cleaning</i></p>	
<i>Bevis Marks, Shakespeare Pub and Simpsons Tavern Restaurants, London</i>	<p><i>Working on behalf of the City of London Corporation, we developed solutions to long-standing problems relating to complaints of noise and odours from surrounding building occupiers.</i></p> <p><i>All three sites are located in city centre locations and the Shakespeare Pub is part of a listed complex. Schemes were prepared to relocate kitchen</i></p>	

	<p><i>exhausts and incorporate UV odour control</i></p>	
<p><i>Renewal of Kitchen Ventilation, JFK Special School, Newham</i></p>	<p><i>Working for London Borough of Newham (Beveridge Associates have been term consultants for 9 years), a scheme was prepared to overcome overheating and false fire alarms, resulting from inadequate ventilation.</i></p> <p><i>Only a one week shut down was available to install the new ventilation system and careful planning was required to ensure materials and resources were available and fully coordinated</i></p>	 <p>Architectural plan view of a kitchen ventilation system. The drawing shows a rectangular layout with various ductwork paths and exhaust points. Dimensions are provided in millimeters (e.g., 2000, 1000, 500). Labels include 'PLAN VIEW' and 'CANDY FRIDGE POINTS SUITABLE FOR WEBB'S/BOVWOOD'.</p>
<p><i>Landlord Provisions for Restaurant Space, 1 Alie Street, London</i></p>	<p><i>Preparation of scheme for City of London landlord provisions (including fire-rated kitchen extract ductwork) for restaurant on ground floor of office complex.</i></p> <p><i>Assisting in obtaining planning permission, including undertaking background noise level survey</i></p>	 <p>Photograph of a modern, multi-story office building with a prominent corner section. The ground floor features large glass windows and a restaurant space. The building is situated on a city street.</p>
<p><i>Retail unit Victoria Coach Station</i></p>	<p><i>Working on behalf of London Underground we prepared a design for an electrical distribution circuit to serve a new retail unit. The existing installation was carefully surveyed and load logging results analysed to ensure that the new supply could be safely connected without fear of overloading the electrical system</i></p>	 <p>Photograph of the Victoria Coach Station building, a large, multi-story structure with a prominent entrance. A sign above the entrance reads 'VICTORIA COACH STATION'. A red double-decker bus is visible in the foreground.</p>

<p>212-214 Piccadilly Retail Units P02 and P03</p>	<p><i>Design of an M&amp;E installation for new retail units in Piccadilly, London. The design included feature display lighting, public address and general power, heating and cooling and general ventilation</i></p>	
<p>Canary Wharf station</p>	<p><i>Design of M&amp;E services to several retail units at Canary Wharf station, London. The design was to Category A fit out standard and included lighting and power, fire alarms, heating and cooling and a sprinkler system</i></p>	

**5.0 QUALITY POLICY STATEMENT**

- 5.01 Beveridge Associates are committed to providing a high-quality service to ensure that the needs of our Clients are met.
- 5.02 To achieve this aim adequate resources are allocated to every project, using only competent and suitably qualified staff. All work is checked and approved by a senior member of the Practice at relevant stages of the project.
- 5.03 Our aim is to adopt a quality philosophy for the whole project, from conception to completion, ensuring all decisions are correctly considered and verified.
- 5.04 To meet our stated Policy the Practice operates a Quality Management System which is Certified ISO 9001:2008. All personnel employed by, or working on behalf of, the Practice are required to conform to the Quality Management System. In the spirit of this Standard it is our aim to continually improve the system and service we provide.
- 5.05 Periodic internal and external audits are carried out to ensure the system works effectively and efficiently.
- 5.06 The Directors have the ultimate responsibility and authority for ensuring that the system is soundly understood, implemented, and maintained in compliance with ISO 9001:2008 and is effective at all levels in the Practice.
